The question of payment by the Residency, of the duty & price of ganja ~~supplied~~ to be supplied by the Darbar, as proposed in the Residency letter under reference seems to be an oversight. The price of ganja should of course be paid by the Residency but not the duty on ganja as already agreed to by the Darbar in this ~~letter~~ vide letter no 220 dated 18 dated 8th July 1895 The Darbar only required the residency that, in the case of Darbars ganja being supplied to the C & M Station the rate of duty leviable in the Station should be the same as that prescribed in the Mysore State

S.P 82-96-7
Cl no 22 S.L 20.

As regards the manner in which ganja should be supplied, the Excise Commr's proposal is different from that proposed in the Residency

letter & whether there is any inconvenience to ~~employed~~ the Residency ~~report~~ agree to the Residency proposal, the Excise Commr does not mention but he simply states that the alternative proposed by him is beneficial to the Station Revenue inasmuch it saves the wastage of ganja.

If approved a reply will be drafted to the Residency in terms of the Excise Commr's letter & submitted for approval

(please see Secretary's instrue dated 2nd May 1900).

(1) The necessary additions have been made on the draft proceedings as directed & a fresh draft submitted.

(2) On enquiry made in the Comptroller's office regarding the procedure to be adopted in the payment by the Residency, it was expressed (by Mr. Vijapurkar chetty) that the arrangement proposed is rather inconvenient what we get from the Residency is only the price of the ganja, which properly goes to the Contractor. The amount should be brought under the Excise Revenue of the State and then refunded to the Contractor & in this way, the Treasury transaction will be unnecessarily increased without any proportionate advantage. ~~to the State~~. Under these circumstances, it is suggested that the ganja Contractor should be asked to prepare

a bill every month for the amount due by the Residency on account of panja supplied & submit it for the countersignature of the Excise Commr, who, after verification with the ~~pass~~ depôt accounts, return it to the contractor for presentation to the station authorities for payment.

With reference to the above arrangement, it should be ascertained whether the ~~proposal~~ ~~would~~ ~~suit the~~ contractor would agree to the proposal as also whether the station authorities ~~have any objection to it~~. have no objection to the same.

I would suggest that the draft as modified by the Contractor may not like to deal with the subject of this letter.

FROM

To

The Dewan of Mysore

Dated, Bangalore, 28th February 1900

Sir,

The Government of India having directed that the retail vendors of Ganja in the Civil and Military Station of Bangalore shall in future obtain their supply of Ganja from the Dunbar's Warehouse through the Superintendent of Excise in the Station, I am directed to inquire if the Dunbar will allow the Superintendent to get his supply of Ganja with effect from the 1st April 1900 from their Depôt at cost-price without immediate payment of either duty or the price which will be paid after the Ganja has passed out of the Government bonded warehouse in the Station into the possession of licensed vendors

If the Durbar has no objection to this procedure, I am to ask that the Resident may be informed at an early date precisely what procedure they would wish the Excise Superintendent to follow in getting supplies of Ganja from their Warehouse for the bonded Warehouse in the Civil and Military Station. The simplest plan might be for the Excise Superintendent merely to present an indent in duplicate signed by himself to the Officer in charge of the Durbar's warehouse. The latter would pass an order for the supply of the Ganja on the indent, and would at the same time record the price due to the Contractor and the amount of duty due to the Durbar. One Copy of this indent would then be returned to the Excise Superintendent of the Civil and Military Station, ~~and~~ the other being kept by the Officer in charge of the Durbar's warehouse. When Ganja is supplied by the Excise Superintendent to licensed vendors the latter would pay the price and duty which would be forwarded, as soon as received, with a voucher to the Durbar.

2. I am to ask for the favor of the early opinion of the Durbar on this proposal.

I have the honor to be,
Sir,
Your most obedient Servant,

Assistant Resident.

Sir,

In reply to your docket No. 6248 Ex 204, dated the 2nd instant, I have the honor to state that the Contractors for the wholesale vend of Ganja in the Mysore State have reported that in reply to a communication which they received from Mr. Hinde, Superintendent of Excise in the Civil and Military Station of Bangalore, they have informed him that they would supply Ganja to the Station at the Durbar's rate. The existing rates in the Mysore State are the following:-

	Rates of duty payable to the Durbar on wholesale vend.	Wholesale price
	Rs. As. P	Rs. As. P
Ganja per Seer of 80 tolas	3 — 0 — 0	4 — 4 — 0
Majum or any other preparation of Ganja (except Halwa) per Seer of 80 tolas	0 — 9 — 0	1 — 1 — 0

2 The Contractors pay duty to the Durbar on the quantity sold by them in their wholesale depôts to retail vendors. As the retail vendors of Ganja in the Civil and Military Station have in future to obtain their supply of Ganja from the Durbar's Warehouse as ordered by the Government of India, the simplest course would be for the retail vendors in the Station to purchase their supply of Ganja from the Contractors' depôt in the city of Bangalore at the prescribed wholesale price just like the retail vendors in the city. By this arrangement the Residency could save the wastage of Ganja which would be incurred in the event of the supplies of Ganja being in the first instance deposited in a Warehouse in the Civil and a Military Station for issue to retail dealers

In reply to your letter no 1009 of the 28th February last asking for early opinion of the Darbar ~~on the proposal of~~ the supply of Ganja to the C & M Station from 1st April 1900, ~~at cost price and the procedure to be adopted in effecting such supply for the Warehouse at Bangalore~~. I am directed to state that the matter having been referred to the Excise Commr in Mysore, ~~the Asst Officer~~ reports that, on a communication made by Mr Hinde, Supdt of Excise in the C & M Station, the

Ganja Contractors of the
Mysore State have already
informed him that they
would supply ganja to the
Station at the rates prescribed
by the Darbar. The existing
rates in Mysore are :—

	Rate of duty payable on wholesale vend.	Wholesale price

Majum or any other preparation of ganja (except halva) per seer of 80 tolas.	0-9-0	R. 1-1-0

2. Under the procedure followed in the State, the Ganja Contractors pay duty to the Darbar on the quantity sold by them in their wholesale depots to the retail vendors. As the retail Vendors of Ganja in the C & M station have also in future to obtain their supply of ganja from the Darbar's Warehouse, as ordered by the Govt of India, the simplest course,

~~them (retail vendors)~~
~~I am to suggest~~, would be

Dear Mr Srinivasa Iengar

Your demi-official letter dated the 19th instant.

There is to be no change in the arrangement arrived at in July 1898 as regards the supply of Ganja to the Civil and Military Station. The reference made to duty in this office letter No.1009 dated the 28th February last is apparently a mistake, and the Durbar will continue to supply the Station duty free with the quantity of the drug that may be required. The price will be paid after the drug has passed out of the Station bonded Warehouse into the possession of licensed vendors.

Sir,

With reference to Government Proceedings No 139-41 Camp, dated the 13th instant, regarding the supply of Gánja to the Civil and Military Station of Bangalore, I have the honor to state that necessary instructions have been issued on the subject to the Distillery Officer and Gánja Contractors to the Mysore State

2 In the correspondence referred to in the above, no mention

mention is made as to how the price of the wastage of the Ganja which may be incurred in the Warehouse of the Civil and Military Station will be paid to the Ganja Contractors of the Mysore State. Under the arrangement now arrived at the Ganja Contractors of the Mysore State issue through the Distillery officer from their Provincial Depôt in the Government Central Distillery, Banga-lore, the supplies of Ganja required for the Civil and Military Station in accordance with the Indents of the Superintendent of Excise, Civil and Military Station. Such supplies are deposited in the

the Warehouse of the Civil and Military Station, and issued by the officer in charge of the Ware-house to the licensed vendors according to their requirements; and the price of the drug at Rs. 1-4-0 per seer of 80 tolas, col-lected from the licensed vendors along with the duty of Rs. 3/4 per seer, payable to the Residency will be remitted by the said Superintendent to the Bangalore District Treasury. As all the Ganja obtained by the Superintendent from the Provincial Depôt, will not at once be sold to the retail vendors, a certain quantity will necessarily remain as stock in the

Warehouse

Warehouse of the Civil and Military
Station; and consequently some wastage
will be incurred in it. But the Gánja
Contractors of the Mysore State are
entitled to the price of the whole
quantity of the drug supplied by
them to the Excise Superintendent
of the Civil and Military Station.
Under such circumstances, I beg to
solicit that the Darbár will be
so good as to settle in communication
with the Resident, the question as to how the price of
the wastage of the Gánja which
may be incurred in the Warehouse
of the Civil and Military Station
will be paid to the Ganja Contractors
of the Mysore State.
